# Fair Auction Tips

## Kassidy's Tips for Fair

by: Kassidy Zulliger, alumni member of Palo Cedro 4-H Club

During the auction on Saturday there will be several people bidding on your animal.

After the Buyer has been announced, have someone else take your animal and go up to the Buyer immediately to Thank them for buying from you. You should also give the Buyer a Thank You card at that time.

Make the effort to find out from the Fair Office the name & contact information for your Buyer, if you don't already know.

**All** Buyers should receive a Thank You basket of goodies from you. However, as they may be purchasing more than 1 animal, the basket SHOULD NOT be handed to them at the auction.

Thank You baskets should be delivered NO LATER than two weeks following the auction.  
All Buyers should have received their Thank You basket by July 10th.

Make sure your Buyer is there - don't drop off the items until you can meet directly with the Buyer.

You can call in advance to be sure they're at the office.

Be very polite and kind to the Buyer – thank them again for buying your animal.

Be sure to be dressed either in your whites, club shirt, or nicer clothes when you deliver the basket.

What to include in the basket?

Try to make your basket (item) unique to that buyer  
(if you're not sure, ask the front office person at the business).

Homemade goods?

A small plant?

An ice-cream sundae basket with all the toppings?

A basket of candy from other countries (check out World Market)?

Many people put BBQ items in the basket, so try to be sure yours stands out.

You don't have to use a basket: you could use a bowl, a nice plate, a lovely box, etc.

## Facilitating Youth Sparks

Youth sparks are an essential ingredient of thriving. Having a spark or sparks gives a young person a sense of direction and encourages goal setting. Sparks are different from mere leisure activity in that:

1. **Sparks create actions** that not only contribute to the benefit of the young person, but also society at large;
2. **Sparks provide the intrinsic fuel** for a young person's growth in knowledge and skill;
3. **Sparks enhance a young person's networks** as he or she encounters others with similar sparks, particularly adults with expertise who can facilitate learning and opportunities for engagement.

*A spark is a passion for a self-identified interest or skill, or a capacity that metaphorically lights a fire in a young person's life, providing energy, joy, purpose, and*

Furthermore, sparks appear to be a protective factor for young people, helping to keep them on a positive track because of the young person's intense focus on the source of their spark. Sparks, in turn, motivate youth to succeed in other areas of their lives, such as personal, social, and academic.

Every young person has the potential to have a spark, and 4-H plays an important role in helping young people discover and pursue their sparks. In some cases, it is a matter of helping youth recognize their spark when the spark has already found them!

Because of its emphasis on learning that is driven by a young person's interest, 4-H programs provide a rich context for youth to identify, explore, and sustain their personal interests, often resulting in the development of a young person's sparks. High quality youth program contexts, like those provided in 4-H, are key for facilitating youth sparks. When sparks are facilitated through positive 4-H programs, youth are supported to grow and encouraged to overcome obstacles to reach their goals. Youth are also encouraged to share their spark with others and in this way, youth are empowered to develop their sparks and to use them to make the world a better place for all.
